Editorial

1 When Mendelian randomisation fails
M Kohlmeier, E Baah

Original research

4 Impact of supervised beego, a traditional Chinese water-only fasting, on thrombosis and haemostasis
Y Fang, Y Gu, C Zhao, Y Lv, J Qian, L Zhu, N Yuan, S Zhang, L Wang, M Li, Q Zhang, L Xu, W Wei, L Li, L Ji, X Gao, J Zhang, Y Shen, Z Chen, G Wang, K Dai, J Wang

18 Possible causalities between malnutrition and academic performances among primary schoolchildren: a cross-sectional study in rural Madagascar
H Aiga, K Abe, E Randriamampionona, A R Razafinombana

30 Assessment of vitamin B12 deficiency and B12 screening trends for patients on metformin: a retrospective cohort case review
D Martin, J Thaker, M Shreve, L Lamerato, K Budzynska

36 Body mass index, prudent diet score and social class across three generations: evidence from the Hertfordshire Intergenerational Study
S Carter, C Parsons, K Ward, M Clynes, E M Dennison, C Cooper

42 No evidence that vitamin D is able to prevent or affect the severity of COVID-19 in individuals with European ancestry: a Mendelian randomisation study of open data
H A Amin, F Drenos

49 Estimating the potential impact of Australia’s reformulation programme on households’ sodium purchases
D Coyle, M Shakid, E Dunford, C N Mhurchu, S Mcker, M Santos, B Popkin, K Triaa, M Markelow, B Neal, J Wu

59 Three-year review of a capacity building pilot for a sustainable regional network on food, nutrition and health systems education in India

69 Prevalence and predictors of gestational diabetes mellitus among pregnant women attending antenatal clinic in Dodoma region, Tanzania: an analytical cross-sectional study
M B Mdoe, S M Kibusi, M J Munyogwa, A I Ernest

80 Gender-specific association between carbohydrate consumption and blood pressure in Chinese adults
R Liu, B Mi, Y Zhao, Q Li, S Dang, H Yan

90 Genetic factors associated with obesity risks in a Kazakhstan population
M Razbekova, A Issanov, M-Y Chan, R Chan, D Yerezhepov, U Kozhamkulov, A Akilzhanova, C-K Chan

102 Weight loss, hypertension and mental well-being improvements during COVID-19 with a multicomponent health promotion programme on Zoom: a service evaluation in primary care
L Walker, N Smith, C Delon

111 Effect of overweight/obesity on caesarean section occurrence among reproductive-aged women in Ethiopia: a secondary data analysis
M L Endalifer, G Diress, H Almaw, B L Endalifer

115 How fragile are Mediterranean diet interventions? A research-on-research study of randomised controlled trials
M G Grammatikopoulou, M P Nigdelis, X Theodoridis, K Oikos, A Travlidou, T Papamitsou, D P Bogdanos, D G Goulis
